

SUMMARY

Motivated and quick-learning Computer Applications graduate with a strong foundation in web development and backend programming. Skilled in building scalable backend systems using Python and integrating them with web technologies like HTML, CSS, and JavaScript. Known for an ability to quickly adapt to new technologies and a proactive approach to problem-solving. Effective in team environments with solid team management abilities, contributing to collaborative project success. Actively seeking an entry-level web developer role to leverage technical skills and deliver high-quality, innovative web applications.

EDUCATION

ANNAMALAI UNIVERSITY
Bachelor's Degree in Computer Application
2021 – 2024
CGPA – 81.47%

INTERMEDIATE
Chooshal Chand hr sec School
2020 – 2021
Percentage – 71%

SKILLS

Frontend Development:

- HTML
- CSS
- JavaScript
- React.js

Backend Development:

- Python

Tools:

- VS Code
- Chrome Dev Tools
- Canva

Version Control:

Git and GitHub

CERTIFICATIONS

- Data Science Course for Beginners
- **Institution:** NASSCOM Foundation
- Microsoft Advanced Level Certificate
- **Focus Areas:** Word,Excel, PowerPoint
- Diploma in Python
- **Institution:** Annamalai University

GROUP PROJECT

- Resume Screening Using NLP**
| 2024 - Present
- **Description:** Developed an automated resume screening tool leveraging NLP and machine learning algorithms for optimized candidate matching.
 - **Technologies:** Python, NLP (SpaCy), Streamlit, HTML, CSS.
 - **Impact:** Improved screening efficiency by 70%.

- E-Mail Spam Detection System**
| 2024 - present
- **Description:** Built a high-accuracy email spam filter using NLP, Naive Bayes, and SVM models.
 - **Technologies:** Python, NLP, Naive Bayes, SVM, XTREAMLIT.
 - **Impact:** Achieved 95% spam detection accuracy.

PERSONAL PROJECT

- To-Do List Application**
- **Description:** Created a responsive task management app with real-time data persistence via Local Storage.
 - **Technologies:** HTML, CSS, JavaScript.
 - **Impact:** Improved productivity by streamlining task management.

- Tic-Tac-Toe Game**
- **Description:** Developed an interactive Tic-Tac-Toe game with real-time win/loss logic and reset functionality.
 - **Technologies:** HTML, CSS, JavaScript.
 - **Impact:** Demonstrated advanced problem-solving and game logic design.

Full Stack Developer Intern

- Qriocity Ventures Private Limited | Jan 1 - Apr 1 2024
- Led development of full-stack web applications, providing technical mentorship and ensuring timely project delivery.
 - Designed responsive UIs with HTML, CSS, and JavaScript, improving user experience.
 - Implemented backend logic with Python, integrated APIs, and optimized performance.
 - Contributed to project planning and successfully deployed key solutions.
